Editing and Uploading Videos to Correct Format on Youtube 13 created billing 11	11	\$40.00	\$440.00
Scoping and Purchasing the most cost-effective hard drives	2	\$50.00	\$100.00

Subtotal: \$1,640.00

Discounts (10%): \$164.00

Total: \$1,476.00

Notes:

13 total videos were rendered, but since 2 were missing, I'm only charging for 9.

I don't remember if there were more videos that were recorded. I believe I have recorded 7, but since this invoice is late, I find it fair to charge \$50 for each recording and just going to charge for 4.

Also giving an additional 10% discount for the invoice coming in about a year late, and things changing and not being able to account for the 2 videos that went missing in October this year.
